

TECHNICAL DATA

Dyna 1398 pH Presoak Concentrate

Product Description and Purpose

Dyna 1398 is a high-foaming, high pH (caustic) presoak that penetrates and loosens bug residues and road film. May be used in prep areas, as presoak shampoo, as well as in-bay automatic touch-free wash applications. The fresh citrus scent will keep your customers coming back.

Features/Benefits

- Effective
- Versatile
- High Foaming
- Concentrated
- Economical to Use

General Usage Directions

Mix one part product with 128 – 200 parts water and apply to vehicle surface under low-pressure spray. Allow a maximum of 30 – 45 seconds contact time before rinsing with high-pressure water.

Physical Properties
