

TECHNICAL DATA

HAND-SAN QUAT SOLUTION HAND SOAP

Product Description and Purpose

HAND-SAN hand soap is an effective cleaning hand soap, recommended for use in brewery, beverage, dairy, and food processing plants and restaurants by personnel, prior to handling food and/or food processing equipment.

Features/Benefits

Cleans in one step
Non-irritating

Quick, stable lather
Rinses Easily

General Usage Directions

Hands need not be washed prior to using this product. For one-step hand washing, place approximately 5cc in palm of hand, add 15cc of water, lather and wash in normal manner. After use, hands must be thoroughly rinsed with potable water. Repeat whenever re-entering production area.

Where Used

This product must be dispensed from an adequate dispenser located a sufficient distance from the processing line to prevent accidental production contamination.
